Did you mean: [ia32 ia64 multithreaded per-thread](#)[Correctly implementing value prediction in microprocessors that support multithreading or multiprocessing](#)[\[PDF\] from psu.edu](#)

MMK Martin, DJ Sorin, HW Cain, MD Hill, ... - Proceedings of the ..., 2001 - portal.acm.org

... **multithreaded** processors can implement this similarly, by keeping a **per-thread** table of speculatively loaded addresses and checking all the stores of the other threads ... Examples of these relaxed models include SPARC TSO, **IA-32**, SPARC RMO, PowerPC, and **IA-64**. ...[Cited by 35](#) - [Related articles](#) - [BI Direct](#) - [All 33 versions](#)[\[PDF\] Using PAPI for hardware performance monitoring on Linux systems](#)[\[PDF\] from psu.edu](#)

J Dongarra, K London, S Moore, P Mucci, D ... - Conference on Linux ..., 2001 - Citeseer

... The PAPI implementation for **IA-32** Linux uses the perfect Linux patch to enable access to ... to the counters under **IA-64** Linux, PAPI uses the latest **IA-64** Linux patch ... work involves extending the graphical interface to display performance data for **multithreaded** and multiprocess ...[Cited by 55](#) - [Related articles](#) - [View as HTML](#) - [All 25 versions](#)[Maintaining consistency and bounding capacity of software code caches](#)[\[PDF\] from psu.edu](#)

D Bruening, S Amarasinghe - Proceedings of the international ..., 2005 - portal.acm.org

... To support all applications on **IA-32** we must follow sequential consistency [21], which ... on every cache flush, versus our non-precise flushing, on our **multithreaded** benchmarks. ... although once fragments are duplicated they can be specialized **per thread**, facilitating thread ...[Cited by 22](#) - [Related articles](#) - [All 13 versions](#)[Scalable lock-free dynamic memory allocation](#)[\[PDF\] from psu.edu](#)

MM Michael - Proceedings of the ACM SIGPLAN 2004 conference ..., 2004 - portal.acm.org

... 1. INTRODUCTION Dynamic memory allocation functions, such as malloc and free, are heavily used by a wide range of important **multi-threaded** applications, from ... CAS was introduced on the IBM System 370 [8]. It is supported on Intel (**IA-32** and **IA-64**) and Sun SPARC ar ...[Cited by 32](#) - [Related articles](#) - [BI Direct](#) - [All 16 versions](#)[The open runtime platform: A flexible high-performance managed runtime environment](#)[\[PDF\] from ku.edu](#)

M Cierniak, M Eng, N Glew, S Lewis, ... - Concurrency and ..., 2005 - interscience.wiley.com

... Windows or Linux operating systems, and to run on the **IA-32** or Itanium ... technologies in just-in-time compilers (JITs), garbage collection (GC), **multithreading**, and synchronization. ... Third, RTEs are **multi-threaded**, providing facilities for the creation and management of threads ...[Cited by 50](#) - [Related articles](#) - [All 7 versions](#)[Performance instrumentation and measurement for terascale systems](#)[\[PDF\] from psu.edu](#)

J Dongarra, A Malony, S Moore, P Mucci, S ... - Science---ICCS 2003, 2003 - Springer

... and requires a continuous porting effort as new computing platforms and **multi-threaded** programming environments ... SGI IRIX, IBM AIX Power, Sun Ultrasparc Solaris, Linux/x86, Linux/**IA-64**, HP/Compaq ... Dynaprof uses Dyninst API [3] on Linux/**IA-32**, SGI IRIX, and Sun Solaris ...[Cited by 15](#) - [Related articles](#) - [BI Direct](#) - [All 20 versions](#)[64-bit versus 32-bit Virtual Machines for Java](#)[\[PDF\] from psu.edu](#)

K Venstemans, I Eeckhout, K De ... - Software, Practice and ..., 2006 - Wiley Online Library

... to support a large variety of instruction set architectures (ISAs), such as **IA-32**, **IA-64**, PowerPC, Alpha ... However, AMD recently announced 64-bit hardware extending the **IA-32** ISA in its ... JVM was extended to support reading the Hardware Performance Monitors **per thread** [7]. We ...[Cited by 7](#) - [Related articles](#) - [All 12 versions](#)[\[PDF\] Optimising Java Programs Through Basic Block Dynamic Compilation](#)[\[PDF\] from man.ac.uk](#)

JA Rogers - 2002 - cs.man.ac.uk

... **Multithreading** allows parts of a program (called threads) to execute at the same time. By having threads designed into the Java programming language, programmers can write **multithreaded** programs without having to rely on thread- support libraries. ...[Cited by 2](#) - [Related articles](#) - [View as HTML](#) - [All 2 versions](#)[Java JNI bridge: A framework for mixed native ISA execution](#)

M Chen, S Goldenberg, S Srinivas, V Ushakov, Y Wang, ... - 2006 - computer.org

... management, up- and down-calls, and source architecture execution environment features (signal handling, and **multithreading**). ... A stub method in the **IA-64** library redirects the call to the DBT. When the DBT is done executing the **IA-32** method, its return value is obtained from ...[Cited by 1](#) - [Related articles](#) - [All 5 versions](#)[\[PDF\] Scalable Performance Analysis Infrastructure for Terascale Systems](#)[\[PDF\] from utk.edu](#)

J Dongarra, A Malony, S Moore, P Mucci, S ... - Future Generation ..., 2004 - cs.utk.edu

... task and requires a continuous porting effort as new computing platforms and **multi-threaded** programming environments ... SGI IRIX, IBM AIX Power, Sun Ultrasparc Solaris, Linux/x86, Linux/**IA-64**, HP Alpha ... Dynaprof uses Dyninst API [5] on Linux/**IA-32**, SGI IRIX, and Sun Solaris ...[Cited by 3](#) - [Related articles](#) - [View as HTML](#)☒ Create email alert
